INTRODUCTION

ABOUT THIS GUIDE

The information contained in this document relates to the revalidation of Offshore Limited/Unlimited or Unclassed DP Certificates only.

All references to 'our website' within this guide refers to our accreditation and certification website NI Alexis Platform www.nialexisplatform.org.

This guide has been designed to assist you in revalidating your Limited/Unlimited or Unclassed DP certificate via the NI Alexis Platform.

The guide is not to be used as a sole source of information for the revalidation process. Further details of the requirements can be found in our website's [Offshore DP Revalidation](#) section in the DP Information Centre or via the DP Revalidation tab.

REQUIREMENTS FOR REVALIDATION

To revalidate your certificate, you will need to complete the following:

- 150 DP sea time days recorded in your NI/IMCA logbook dated within the five years previous to applying.
- Complete a NI-approved Continuing Professional Development programme and The NI CPD Revalidation exam **OR** The NI DP Refresher Course.

If you do not have the minimum required sea time, you will also need to complete one of the following.

- If you have between 30 -150 days of sea time - You must complete the NI DP Refresher Course.
- If you have less than 30 days of sea time - You must complete the NI DP Revalidation Course

If you are a DP Professional and have been engaged in an occupation the NI considers as being equivalent to the sea service (i.e. DP lecturer, DP Surveyor, DP Consultant, DP Auditor, DP Superintendent, DP Supervisor), revalidation of your DP Certificate will require 150 days in the activity claimed in the preceding five years as well as the other requirements.

NOTE FOR REVALIDATION COURSE: If the participant is completing the course for the first time, there is no minimum DP sea time requirement. If the participant is completing the course for a second or subsequent time, a minimum of 30 DP sea time days will be required to revalidate. This DP time may be completed prior to or after the Revalidation Course. Where a participant subsequently revalidates after taking the course by completion of 150 DP sea time days he/she can take the Revalidation Course again without a DP sea time requirement.

QUALIFYING DP SEA TIME

One DP sea time day can be counted if you as the DPO, are involved with active DP operations for a minimum of two (2) hours per day claimed.

APPLYING FOR A DP CERTIFICATE

From October 2020 revalidation applications have changed to an online only process and you are not required to send your original documents to us unless specifically requested. Please ensure that scans of all your required documents are attached to your account and can be read clearly.

LOGGING INTO YOUR ACCOUNT

1 DP LOGIN

Go to the NI Alexis Platform website:

<http://www.nialexisplatform.org>

and click on **DP Login** to access the account login screen for the DP online application system.

2 DP REVALIDATION

The revalidation requirements, FAQs and information on how to apply are available in the DP Revalidation and DP Information Centre tabs on the home page of the NI Alexis Platform website.

3 DON'T KNOW YOUR LOGIN DETAILS?

Use the '**Forgot Password**' option to be sent a temporary password to the email address registered on your account.

The registered email address may be different to the one you are currently using, so check any other email accounts too.

If the system does not recognise your email address try using **Revalidating but don't know your login details?** This option only works on accounts where no email address is registered.

A temporary password will then be set up on your account and be sent to you via email.

If you cannot find the email with the temporary password, please check the spam/junk folders and try searching the mailbox for emails from 'Nautical Institute'.

The temporary password will only be active until midnight the following day, so make sure that you log into your account and update your password as soon as the email arrives. If you do not change the password in time, you can use the '**Forgot Password**' option again to have another temporary password sent to you.

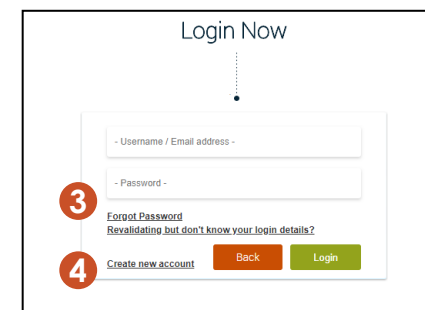

4 CREATE NEW ACCOUNT

As you are revalidating you already hold an account with us. **DO NOT CREATE A NEW ACCOUNT** as this will cause a delay in you being able to apply.

ADDING DP SEA TIME - IMCA LOGBOOK

1 ENTER NEW IMCA/DPVOA LOGBOOK

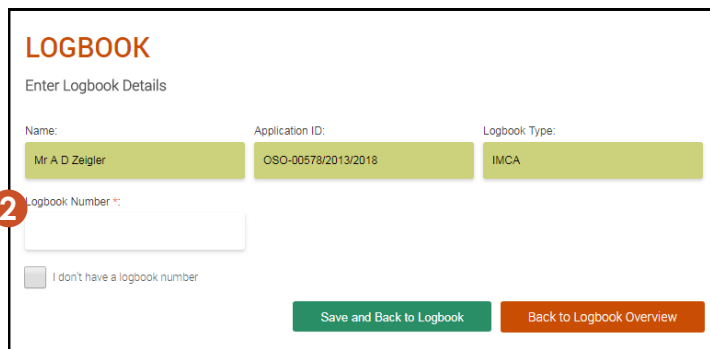

When you click on **Enter New/Another IMCA logbook** from the Logbooks Overview page you are taken to the page below.

If your IMCA/DPVOA logbook is already entered from your previous application, go to step 3.

2 ADDING THE LOGBOOK TO THE ACCOUNT

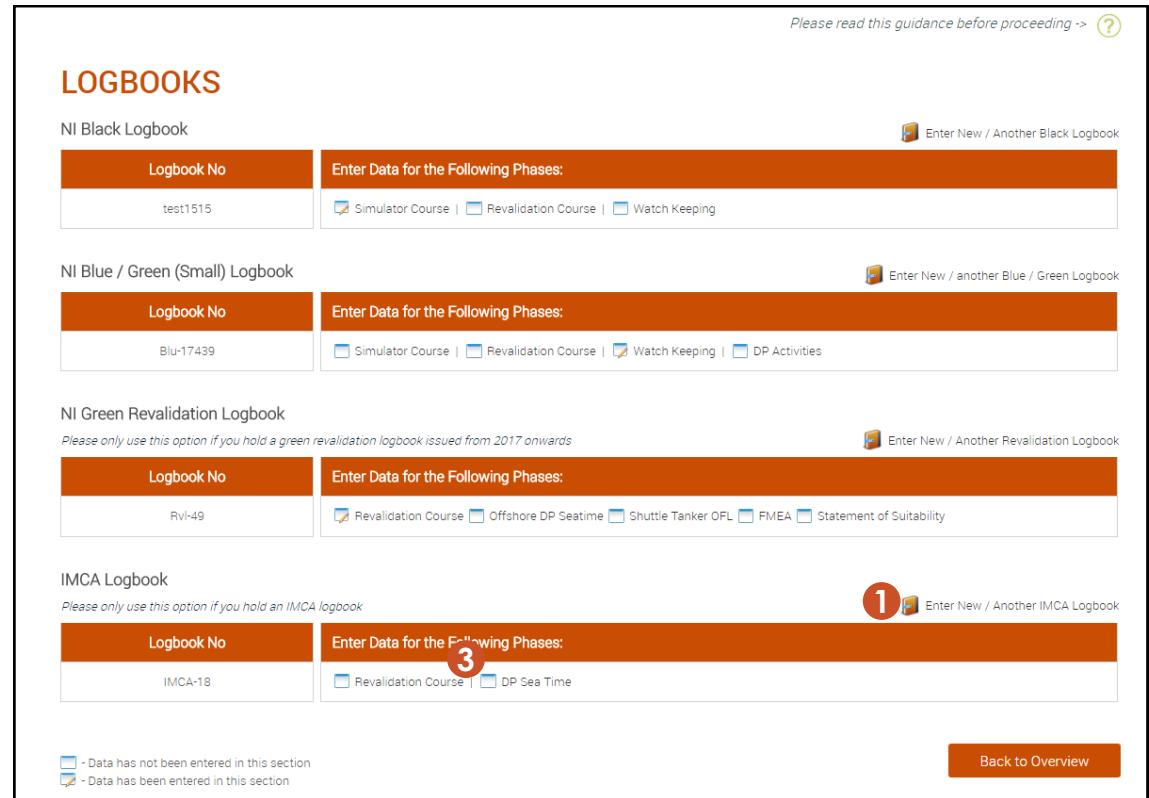

This is the number on the inner title page near the front of your IMCA/DPVOA logbook.

If you have a new IMCA logbook, you may not have a number and you can tick the box below the logbook number field.

3 ADDING SEATIME

From the Logbooks Overview page, click on **DP Sea Time** to add new DP entries from your IMCA/DPVOA logbook.

ADDING DP SEA TIME - IMCA LOGBOOK

1 DP SEATIME

DP sea time recorded in days: If the DP sea time in your IMCA/DPVOA logbook is only recorded in days, each entry also needs to be entered in hours.

DP sea time required to revalidate is a minimum of 2 hours per day at the DP desk. To calculate your time in hours, multiply the total **Number of Days** by 2, e.g. 22 days x 2 = 44 hours.

DP sea time recorded in hours: If you have recorded your DP time in hours, enter the number of hours here.

The hours recorded in an individual's logbook will be divided by 2 to get the number of DP days that the person has obtained in the last 5 years. This produces the formula below:

$$\text{(Total number of hours for each embark / 2h)} = < X$$

Where X cannot be more than the number of days of that embarkation.

The 2 hours comes from the definition of DP sea time for the offshore industry.

2 MODE

Select the correct mode the DP sea time was completed on. Only active DP sea time can be used towards revalidation.

3 SIGNED/STAMPED ENTRIES

Only entries that have been signed and stamped in your logbook can be used towards the time required to revalidate your DP certificate.

4 SAVE AND ENTER NEW PHASE

If you have multiple entries in your IMCA/DPVOA logbook, click here to save the information and add more,
